Sudden Death of Harry Radtke Is Shock to Village

Antioch Barber Dies While at Work in Shop; Legion Conducts Funeral

Coming as a shock to the entire community, as well as to members of his family and relatives, was the sudden death of Harry Radtke, well known Antioch barber, from coronary thrombosis, Friday night, May 2.

Radtke has just finished shaving a customer, Joseph Patrovsky, and had turned to reach for a hot towel when he fell unconscious to the floor.

In the afternoon he had suffered pains in his chest and arm, and, acting on the advice of his wife and of his father, Herman Radtke, had planned to consult a doctor. He had not complained of any previous attack.

Military services were conducted by the Antioch American Legion post Monday afternoon at 2 o'clock in the Strang Funeral home, and burial was in Hillside cemetery. The Rev. S. E. Pollock, former pastor of the Antioch Methodist church, officiated at the services, and prayer was offered by the Rev. Warren C. Henslee.

Besides his wife, who before her marriage was Miss Helen Smilges of Kenosha, Radtke is survived by his son, Gene; by his parents, Mr. and Mrs. Herman Radtke; by a brother, Maurice ("Cappy"); of Waukegan, and two sisters, Mrs. Herbert (Ivah) Carey, Dallas, Tex., and Mrs. Richard P. (Virginia) Cavanagh, Kenosha, Wis.

During the first World War he served 18 months overseas with the 79th division artillery, and was a member of the artillery band.

He was also a member of the Antioch municipal band and was an active sportsman, an excellent horseman, and was greatly interested in bowling.

He worked long hours in the barber shop on Main street which had been turned over to him by his father, and had a wide acquaintanceship among residents of Antioch and surrounding communities.

Radtke's death, by a strange coincidence, fell upon the same date of the year on which many important events of his life occurred. His parents came here with their family to settle in Antioch on May 2, 1897. He left for the army on May 2. He was discharged from the service on May 2, and his death occurred on May 2.

The sudden shock of his passing was doubly hard for members of his family, for his father had for some time been known to be suffering from a heart ailment, and his mother had also not been in the best of health. The Antioch rescue squad, which had aided in a vain attempt to restore Radtke to consciousness when he collapsed, stood by at the funeral with emergency inhalator apparatus, at the request of the family physician, when the elder Radtke determined on attending the rites, despite his own precarious health.

Residents of the community have joined in expressing their sympathy to members of the bereaved family, and in stating regret at their loss.

Body of Mrs. Moser Taken to Theresa, Wisconsin, for Burial

Death ended a long illness for Mrs. Anna Moser, 75, who passed away at the home of her daughter, Mrs. Thekla Schreiber, Monday evening.

Mrs. Moser had been ill for several years, and also suffered a broken hip in a fall two years ago, from which she never fully recovered.

The body was taken to Theresa, where Mrs. Moser lived before coming to Antioch 11 years ago, and funeral services were held there Wednesday morning.

Besides Mrs. Schreiber, Mrs. Moser is survived by three other daughters, all residents of Wisconsin.

Tidmarsh Will Operate Smart's Riding Stables

Floyd J. Tidmarsh of Antioch has leased Smart's Riding Stables and has purchased a number of additional horses in anticipation of a busy season, he announced this week. The Smart stables, located just west of the village on Route 173, have been in operation for many years and have proved to be popular with the public and well known among those who like to ride.

Tidmarsh says there will be special rates offered for party rides, and that horses will be boarded at the stables.

VILLAGE TO "CLEAN HOUSE" NEXT WEEK

"Village Clean-up Week" will be observed by Antioch next week, Mayor George B. Bartlett announces. Householders and business places are being asked to co-operate by placing rubbish in containers where the village truck can pick it up for disposal.

Streets will be cleared of winter debris, and the whole town will be prepared to greet the opening of the summer season with a "bright and shining" face.

Slot Machines Are Here Again

Slot machines are again operating in the lake region, according to information reaching the News today. The good old "one-armed bandit," amusement device de luxe, political football for many decades, and the daddy of all coin collectors, has emerged from hiding in cellar, garret or back room, and again stands in public places inviting the loose change of those who feel the urge to take a chance—win, lose or draw, but it is the machine which invariably wins.

That these unlawful devices make their appearance through public demand there is little doubt. For this reason, the law-enforcing officials at times have condoned them—even shut their eyes to their existence. Periodically, pressure brought about by reformers, have caused officials to clamp on the lid, and the machines go into hiding. But even in this the law errs—the statutes call for the eventual destruction of the machines by law-enforcing officials, but only a few of the machines have been destroyed in Lake county.

The slot machine racket takes a toll of many millions of dollars from the American public annually, mainly in resort sections and in localities where officials are either lax or corrupt.

Firemen Finally Get That Aluminum Ladder

With receipt of that long-awaited 30-foot aluminum extension ladder, the Antioch fire department now has ladders on all its trucks, Chief James Stearns reports.

The ladder, made to order by the Peter Pirsch equipment company in Kenosha, was delayed because of the precedence of government orders for aluminum for defense purposes.

One of the great advantages of the new ladder is that it can be handled by three men, because of its lightness, while the old ladder requires six men. It is, however, extremely strong; made up in one 16 and two 10-foot sections, it can be used for buildings from two to four stories in height.

The old ladder has been mounted on the tank truck.

The fire department was called to the Charles Ackermann place at Indian point Monday noon to put out a grass fire.

High School Teachers' Contracts are Renewed

Contracts of thirteen faculty members at the Antioch Township High school were renewed last night and will be tendered to the teachers by the board of education. The contracts of Principal J. O. Austin and Hans von Holwede, music teacher, were renewed at a meeting of the board on April 23. In a few instances where salaries were thought to be low, the new contracts carried increases.

Plans for the coming year were talked over at last night's meeting which was said to be "harmonious and constructive."

Teachers hired included: E. W. Edwards, assistant principal, science; George Bergang, assistant coach, history; L. C. Haack, tennis coach, science and mathematics; C. L. Kutil, agriculture; Isabel Larimer, home economics; Ina Leland, English, librarian; Dorothy Lyne, English; Margaret McDorman, Latin, English; Helen Olson, physical culture (girls), typing; Geraldine Ross, commercial; M. M. Stillson, industrial arts; Betty Ross Wyllie, art (2 days a week); Marguerite Phillips, dramatics coach.

Mrs. Camilla Hansen of Long Lake, 78, Dies

Funeral services were held Tuesday in Irving Park for Mrs. Camilla Hansen, 78, of Long Lake, who died Saturday in the Lake County General hospital. Burial was at Irving Park. Mrs. Hansen was born in Denmark. She is survived by her husband, Charles.

O. E. S. Annual Amateur Show Viewed by 300

Pretty Style Show Is Climax of Enjoyable Program

Twenty enjoyable amateur acts were climaxed with an unusually pretty style show, staged by Marie Anne of Antioch, at the annual Eastern Star amateur revue Friday evening in Antioch Township High school. About 360 persons were present.

The new "South American" and "South Sea Island" trends were stressed. Clothes for everyday wear and children's clothes, as well as sportswear and evening wear, were modeled.

Adult models included Misses O. E. Hachmeister, H. B. Gaston, Robert Wilton, George Wagner, Lloyd Murrie; the Misses Betty Scheibe, Betty Hanke, Charlotte Nash and Barbara Bicknell.

"Amateurs" Applauded. Among the juvenile models were Virginia, Doris, Phyllis and June Petersen, June and Jane Hunter and Virginia Gaa.

Included among the amateur acts, all of which were received with pleasure and applause, were song and guitar numbers by Lila Dalggaard, Antioch; the vocal solo, "Indian Love Call" from "Rose Marie," sung by Eve Badger, Chicago; readings by Diana Strang; spring song and dance, by Elsie Hayes; piano duet by June and Jane Hunter; guitar numbers, and song by Betty and Junior Fredrickson, Zion.

Others were: "Novelty violin playing, Gordon Burnett, Brookfield; reading, Alice Freeman; songs, Donald Ray Hatton, Chicago; songs, Ralph Trieger; saxophone solo, Gene Radtke; cowboy songs, Glen and Vince Adams, McHenry; songs, Juanita Freund and Dorothy Nelson, Bristol; guitar playing and cowboy songs, Anne Carroll, Clarence and Edward Dunford, Fox Lake; piano selections, Verna Mae Kufalik.

Songs, Stuart Good; dancing, Virginia and Ronald Gaa; ballet numbers, Diana Strang; guitar and song numbers, Ruth Winfield, Dorothy and Fern Putnam, Bristol; piano solo, Barbara Horton; songs, Ida Maier, Lake Villa; harmonica solo, Armand Dalggaard; instrumental numbers, the Dunford brothers.

Special awards went to Gordon Burnett, Lila Dalggaard, Diana Strang and Stuart Good.

Eugene Sheehan Heads Holy Name Society

Eugene Sheehan was elected president of the St. Peter's Holy Name society at a banquet attended by 50 members, Monday evening in the church hall. Irving Carey is vice-president; Dudley Kennedy, secretary; Irving Walsh treasurer and Herman Holbek sergeant-at-arms.

Speakers included the Rev. George Slominski and the Rev. Edward of St. Mary's of the Lake seminary; D. J. Fernandez of Oak Park and the Rev. Byron of St. Patrick's church, Wadsworth.

In a report on the recent membership campaign conducted by the society, it was announced that the local membership had been increased from 60 to 120.

The dinner was served by members of the Altar and Rosary society.

Hallwas Is Leader in Bowling Tourney Singles

Finals will be held tonight in the singles event of the Antioch Recreation bowling tournament, which opened Monday.

Emil Hallwas is leading, with Tim O'Connell as runner-up. Also among the leaders is Irving Carey, who has received many congratulations on the fine showing that put him in sixth place, although he has only begun bowling this year.

About 50 men have been taking part in the singles event.

The doubles tournament will start next Monday and will continue through next Thursday evening.

Fair-sized crowds have been "kibitzing" on the tournament each evening.

Match Game Held

A special event that roused considerable interest, in addition to the tournament, was a match game Monday evening between the Anderson's tavern and Nielsen's Corners teams, with the Anderson players the winners.

Mrs. Alice Freeman spent Sunday in Richmond at the home of Mrs. C. A. Mathers, the guest of Mrs. Mattie Marzahl.

Antioch Golfer Plays in State Meet Fri., Sat.

Hawkins Qualifies by Placing Second in District Tourney Here

Fred Hawkins, Jr., won second place for Antioch in the singles of the district golf tournament held at the Chain O' Lakes course here Saturday. With Antioch Township High school as host.

Today, accompanied by Robert Chinn, secretary at the high school, he left for Peoria to play in the state high school golf tournament Friday and Saturday.

Herbert Chambers of Highland Park High school, who took first place in the district singles here, is also playing, as is the Highland Park team, which took first in the district team events Saturday.

Local Team Third

Chambers shot a 77 to win, with Hawkins crowding him with a 78. Gil Papp and Henry Pasquel of Highland Park tied with a 79, which they afterward played off for third and fourth places.

New Trier took second in the team events, with Antioch third and Waukegan fourth.

Schools taking part in the tournament also included Crystal Lake, McHenry and Niles.

Change Date of Bus Service Opening to Friday, May 23

Bus service between the lake region and Waukegan, originally announced for May 15, instead, will start on Friday, May 23. It was stated this week by a representative of the company.

The busses will make four trips each way on week-days, and five trips each way Saturdays on the Antioch-Lake Villa route. There will also be fast service between Fox Lake and Waukegan, and two trips each way every day on the Round Lake-Grayslake route.

There will be service in the morning to the St. Paul station in Grayslake and a return service in the evening. Bus schedules and folders will be distributed to homes in the lake area some time during the next few days, it is stated.

Ted's Sweet shop on Lake street will again serve as the Antioch station, and ticket office.

Twenty-five members of the Antioch Business and Professional Women's club enjoyed a 6:30 o'clock dinner and card party Monday evening in Haven's restaurant at Our Country club, Liberty Corners. The dinner was given by the losing team in a ticket-selling contest sponsored by the club in conjunction with a lecture given here May 3 by Theodor Broch, former mayor of Narvik.

Miss Charlene Jorgensen captained the losing team and Mrs. Morris Pickus was captain of the winning team, members of which were guests at the party.

Mr. and Mrs. John Fenema of Chicago were week-end guests of Mr. and Mrs. Martin Busscher.

Antioch Mayor Is Honored by Citizen Group

Pay Tribute to George B. Bartlett as He Starts 17th Year

Time-out (30 minutes of it from the year's first session of the Antioch village board) was taken Tuesday night to pay homage to Antioch's first citizen, the Honorable Mayor George B. Bartlett, who with that board meeting began his 17th year as president of the village of Antioch.

Timed at 8:45, just about the time the village dads were getting down to business, a group of 40 business and professional men of the town crashed the gates to the town "The Gang's All Here," led by Hans von Holwede and his inevitable accordion. Was the mayor surprised? Yes, he was—and from his facial expression which told naught but surprise, the men about town didn't know whether the mayor thought he was witnessing an indignation meeting, a spree, or what it really was—a gesture of friendship and appreciation for a long and loyal period of public service. The mayor made a quick recovery and joined in the singing.

Otto Klass, spokesman, then stated the purpose of the gathering and asked W. C. Petty to make the presentation of the gift to the mayor—a box of cigars. Petty commended the mayor on behalf of the citizens for his long and efficient tenure of office and extended best wishes for his present administration. Folks said of the mayor's response that they never heard him make a shorter or a better address. The mayor was quite visibly affected when he expressed his deep appreciation. Later, Village Attorney George McGaughey made an interesting talk, stressing the harmony prevailing among members of the administration which made it a pleasure to work with them. He pointed out too, that it was co-operation—like this, and communities like this that make America what it is.

The group then posed for pictures, among them being Village Clerk Roy L. Murrie administering the oath of office to Mrs. Vera L. Rentner, Antioch's new treasurer, and the first woman ever to be elected to a major office in the village.

After the singing of "America" the guests departed and allowed the board members to finish the evening's business.

Approve Treasurer's Report

Approval of the treasurer's report was given and Russell Barnstable, retiring treasurer, was commended for the excellent work done in that office. The report will be published at an early date.

All village committees were reappointed as follows:

Licenses and licensing—Powles, Scott and Rosenfeldt.

Streets and lighting—Stearns, Rentner and Vos.

Sewer and water—Stearns, Scott and Rentner.

Finance and auditing—Powles, Vos and Rosenfeldt.

Sales—Scott, Stearns and Powles.

Printing and publishing—Rosenfeldt, Vos and Rentner.

Public buildings—Scott, Stearns and Powles.

Salaries—Scott, Rosenfeldt and Vos.

Purchasing committee—Members of the committee affected.

The police and fire committee and board of local improvements are made up of the entire board.

James Stearns is building commissioner; George S. McGaughey, village attorney; Wm. Brook, collector of special assessments; Wm. Thieman, chief of police; Fred Peterson, street superintendent; Ed. S. Garrett, water tapper; Arthur Rosenfeldt, plumbing inspector; Dr. R. D. Williams and Mayor Bartlett, health officers; Elmer Brook, police magistrate.

Clerk Murrie administered the oath of office to all newly elected officials, and the contract with the Antioch fire district was pronounced satisfactory. It will be renewed for another year.

The board voted not to issue permits for shooting galleries or archery.

The ordinance authorizing water main extension on Orchard street and Hillside avenue, was passed and approved, and it is indicated that there will be another extension on Corona avenue in the near future.

A resolution granting C. E. Hennings permission to extend and connect sewer from his property to the sewer main on Orchard street was adopted by the board.

The board will meet in special session soon to take action on applications for licenses for amusement devices (called games of skill).

Women Bowlers Will Banquet at Dominic's

The first annual banquet for ladies of the Antioch Women's Bowling League will be held Thursday night, May 15, at Dominic's State Line Inn. All the ladies who participated in the league in its first year are to be guests.

There were six teams in the league and each was sponsored by local business firms. The ladies had a large following of fans cheering for their favorite team, and the contest developed into quite a battle for first place, with the season going into the final night with three teams tied for first place.

Dominic's State Line Inn girls finally emerged the victor, with Maud's Beauty Mart and Reeves' Drug Store being tied for second place. The other teams were Atkinson's Restaurant, Pollock's Greenhouse, and Antioch Recreation, finishing in the order named.

Next year, the ladies hope, the league can be enlarged to include 12 teams.

Tri-School Girls' Conference Committee Meets in Antioch

The committee meeting for the preliminary arrangements of the tri-school conference for 1941 was held last Thursday evening, in Miss Isabel Larimer's home.

Present from Warren High school were Andrew Dnell, Marjorie Trylorn and Elaine Brown; from Libertyville: Marian Rouse, Betty Achen, Phyllis Naegele, and Dorothy Meyer; from Antioch, Elaine Nelson, Sarah McBride, Alice Denman, Carol Waters and Jennie Nevelier. Deans present were Miss Jorgensen and Mrs. Downs from Libertyville, Miss Herwig from Warren and the Misses Olson and Larimer from Antioch.

Dorothy Meyer was elected acting chairman for the evening. The girls discussed plans for the annual conference of the three schools which is to be held next fall in Antioch. The theme of "Home vs. Career" was finally decided upon and various phases of the subject were selected for discussion topics at the fall conference.

The duties for the conference were divided, with Warren assuming responsibility for the tags and program covers; Libertyville, the printing, and Antioch, favors, speakers, and hostesses.

The concluding business was the election of the officers for the Tri-School conference for 1941.

Those elected were: President, Carole Waters, Antioch; vice-president, Andrew Dnell, Warren; secretary, Jennie Nevelier, Antioch; treasurer, Dorothy Meyers, Libertyville.

At the conclusion of the business meeting, Miss Larimer served refreshments.

Ruth Williams' Will Probated

Dr. Roy D. Williams of Antioch, a brother; Mrs. Elsie Schroeder of Chicago, a sister, and nieces and nephews, were named as beneficiaries in a will left by the late Miss Ruth E. Williams, disposing of a \$5,000 estate. Dr. Williams and Mrs. Schroeder were named as executors, with bond at \$4,000. The will was admitted to probate in Waukegan last Thursday.

Strike—While the Iron Is Cold?

We have had a lot of talk about whether or not strikes were causing much havoc in the defense program, but until recently we haven't had very much in the way of calm and authoritative figures. Now the National Association of Manufacturers has issued some statistics on defense and other strikes that should sweep a number of unsupported declarations into the discard.

The N. A. M. study shows that total number of man-days lost from strikes in the first three months this year were more than three times as great as for the same period in 1940. In all, 3,022,918 man-days were lost in January, February, and March of this year; and of this total, 1,478,000 man-days were directly in defense industry.

The time lost in those industries would have been enough to equip about 1,402,480 American soldiers with the latest Garand rifles, or to provide more than five BILLION rounds of ammunition for those rifles. Seen in those terms—or in any others—the harm done can hardly be minimized.

The great danger lies in the attitude of some who continue to claim, in the face of the evidence, that the number or result of strikes in defense is really not very important. The figures knock that complacency galley-west.

Defense is either vital or it isn't. The American

people think that it is, and will be paying billions in taxes to support their belief. In the light of that stand, there is an all-important need to work out solutions for any problems that arise without recourse to strikes that cripple our all-out effort for national defense.

American Citizenship

Not since the rights of citizenship in this country of ours were first established has there been so much cause as there is today for pride and thankfulness as each of us utters the words: "I am an American!"

We enjoy precious rights in the United States; ones to be found in few other lands. Freedom of speech, freedom of religion (even the right to follow any religion except state-worship has been lost in some foreign lands), the right to move freely from place to place, the right to engage in the occupation of your choice, the right to start your own business and take your own chances—we Americans are so used to these and other principles that we seldom give a thought.

But there's an opportunity this month to pause and remember the above considerations. For Congress has set Sunday, May 18, aside as Citizenship Recognition Day, in recognition of the 2,500,000 young men and women who have reached the estate of American citizenship during the past year. Posts of the American Legion throughout the country and many other groups and individuals will co-operate in giving this occasion its full meaning.

And not just the 21-year-olds should celebrate their citizenship at that time. In the midst of a troubled world, all Americans, young and old, can profit by re-dedicating themselves to the meaning and importance of American citizenship, and to their rights and duties in this society of free and enterprising men and women.

Citizenship Recognition Day belongs to all Ameri-

Union Free High School
An appreciative audience greeted the performance of "Foot-Loose," a three act comedy presented by the Senior class under the able direction of Miss Ruth Thomas of the English department, at the school gymnasium Friday evening. All characters impersonated by members of the senior class were very well portrayed. Special mention could be made of the excellent work Carlita Dean, Bob Elverman, Ardy Hegeman and Betty Madsen did in the portrayal of the character parts they were assigned. This will be the last play presented under the direction of Miss Ruth Thomas, whose work in this line has been most successful, as she had resigned from the school faculty for the coming year.

Wednesday, May 7, was the Eighth grade visitors day at the High school. All Eighth grade graduates in the county were invited to spend the day at the school and inspect classes and school activities.

The baseball team defeated East Troy 16-1. This week they play Rochester here and Norris Farms at Norris Farms.

Willmot Grade School
The card party advertised by the Willmot Grade school has been postponed as two candy sales by the students raised the amount of ten dollars to be presented to Sheriff Tom Jester for the Safety program he is sponsoring in the county.

The Upper grade room and Primary room will hold open house this Friday afternoon. Demonstrations in music by Mrs. Fred Schmiedt and in art by Miss Virginia Downing will

be featured. Regular class work will be carried on in each room following the demonstrations. Lunch will be served.

Ten students in the Upper grades are taking eighth grade examinations to qualify for diplomas.

"HE SAVES MOST NOW WHO SPENDS ENOUGH"

Buick Special 6-passenger Sedan, \$1006. White sidewall tires extra.

THERE'S a rule for your guidance you may not find in the copybooks — but that doesn't subtract one whit from its truth.

Because when you buy a new car this spring you want one that will see you through many a summer.

So while you're trading it's good sense to trade up — up to something solidly good through and through.

Trade up, for instance, to the FIREBALL power of Buick's more efficient valve-in-head straight-eight.

Trade up to the thrif of Compound Carburetion — exclusively Buick's, and as much as 10% to 15% more economical of gasoline than last year.

Trade up to a splendidous big Body by Fisher — to Buick's all-coil

springing that is forever cushiony yet forever free from service attention — to stout, ride-steadying torque-tube drive with nothing about it to go wrong.

Buick's bodies are roomier, its frames huskier — its steering gears go three to four times as long without adjustment and its main bearings have half-again the service life in them.

Things like that really count these days — yet they're yours in a Buick for a trifle more at most than you'd spend in any event.

Go call on your Buick dealer now!

Henry Nader, eldest son of Mrs. Anna Nader, is in the Kenosha hospital where he had his leg amputated at the knee. Some years ago he suffered an injury to his foot which never fully recovered and he has had more or less trouble with it, so finally decided on the amputation, which is quite successful, and he is recovering nicely.

Mr. and Mrs. Herbert Nelson who have been with their son, William and wife at Antioch for several months, have returned to their home at Monaville. Both are improved in health.

Mrs. Stella Pedersen spent the first of last week with her brother's family in Chicago.

Mr. and Mrs. William Weber were Chicago visitors on Monday.

Mr. and Mrs. High of Waukegan visited their daughter, Mrs. Clayton Hamlin, last Sunday.

Salt Water and Germs

The theory that "salt water kills germs" is false as proved by laboratory analysis and recent chemical tests of salt water on the eastern Atlantic coast and the fresh water of Lake Michigan. The bacterial content of both places was about the same.

CHRISTIAN SCIENCE CHURCHES

"Everlasting Punishment" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 4.

The Golden Text was, "He that covereth his sins shall not prosper; but whoso confesseth and forsaketh them shall have mercy" (Proverbs 28:13).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "My son, despise not the chastening of the Lord; neither be weary of his correction: for whom the Lord loveth he correcteth; even as a father the son in whom he delighteth" (Proverbs 3:11, 12).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In trying to undo the errors of sense one must pay fully and fairly the utmost farthing, until all error is finally brought into subjection to Truth. The divine method of paying sin's wages involves unyielding one's snarls, and learning from experience how to divide between sense and soul" (p. 240).

Death Claims

Salem Woman

Mrs. Ada Hunt, 64 years of age, widow of the late George S. Hunt, and one of the best-known residents of Salem, Wis., died at her home in Salem on May 1, following a short illness. Mrs. Hunt was born in Salem township, July 8, 1876, the daughter of William and Julia Johnson. She spent her childhood on her father's farm.

Army Hostess Will Speak at High School

Home Economics club members of Antioch Township High school will entertain their mothers and guests at their annual Mother-Daughter banquet Monday evening, May 12, at 6:30 p. m. The program is to be a resume of the place of the high school girl today and what women can contribute to the national welfare. The speaker of the evening will be especially interesting and well-qualified to speak on the subject of "The Girl and Woman of Today." She is Miss Mildred Cirkle, hostess at Fort Sheridan army training station.

This should be an outstanding program of the year. The Future Farmer association of the High school will contribute to the evening's success by supplying waiters for the banquet. General chairmen for the affair are Dorothy Carney and Alice Deunman.

High School Holds "Visiting Day"

Antioch Township High school was host to 75 eighth grade students Wednesday on their annual eighth-grade visiting day sponsored by the student council.

An assembly for all students and visitors was called at the opening of school. J. O. An-tin, principal, welcomed the visitors. The morning's program included vocal solos by Mary Kay Lynn, Gilda Pierce, Mary Omond, and Violet Loftus; and humorous instrumental solos by Samuel Klass, Billy White, Ted Maptherhorpe, Bob Gross, Bill Edinger, Donald Hills, Frank Petty, Vernon Craft, and Bud Maptherhorpe, interspersed by songs sung by the student body. Hans von Holwede supervised the musical program.

Jim Harvey, president of the student council, gave directions to the eighth-grade students.

Each visiting student had a "big brother" or "big sister" from the student body of the high school. The visitors attended high school classes in the morning and afternoon and were guests of the cafeteria for lunch. A movie was shown for their benefit in the afternoon.

near Salem and was educated in the school here.

On January 8, 1918, he was united in marriage with George S. Hunt, who preceded her in death on Nov. 15, 1920.

Mrs. Hunt was a life-long member of the Methodist church, and was active in church work, having taught Sunday school classes, and was for many years president of the Parishes. She was a member of the Bristol chapter of O. E. S., and secretary of the Salem Mound cemetery association.

Mrs. Hunt is survived by one brother, Justin Johnson of Spokane, Washington, and one niece, Mrs. Herbert Bridges. A cousin, Mrs. Clara Kinsinger, made her home with her. Funeral services were held Monday afternoon at the Salem Methodist church and burial in the family plot at Mound Center Cemetery.

The Observer

We bin' readin' the papers again, and learn that

The left fielder in the softball game between the Grant Community High school and Pistakee Bay Boys school teams at the Grant High school May 1, was somewhat handicapped in his fly chasing activities.

Several times he was forced to leap over a series of sticks placed around the nest of a killdeer which holds four tin eggs. The sticks were placed by Frank Lumber, custodian at the high school and captains of the two teams agreed to protect the nest of the bird.

Several times as fielders hurried over the nest the little bird did its usual shamming stunt of rolling from the nest, and skidding along the ground, in faking injury in an attempt to draw the menace away from the eggs, but it finally became aware that it was under protection and spent the last two innings calmly seated in its nest.

That fellow who comes home late and then can't find the keyhole ought not to have any trouble if he gets one of those little key-ring flashlights now being sold at an Antioch store.

"Sing a song of six-pence,
A fellow full of rye,
Four and twenty keyholes
Danced before his eye.

When the door was opened
His wife began to chide,
Now wasn't that a pretty way
To let a fellow in!"

New Illini Union Activity Center on U. of I. Campus

Worth of \$1,500,000 Building Proved by Use; Center for Students, Alumni, Visitors.

Although open only a few months, the new Illini Union building at the University of Illinois has more than proved its value to the campus. It is a center of activity for the 14,000 students and faculty at Urbana-Champaign and a center for the University's 150,000 alumni and the thousands of parents and visitors who visit the campus.

It has been called "one of the most beautiful buildings in America." Its architecture was inspired by the colonial restoration of Williamsburg, Virginia.

The \$1,500,000 structure was erected under a trust agreement between the University of Illinois Foundation and the University with funds made available through a Federal grant and a private loan to cover building costs. Furnishings and equipment were provided by alumni and other friends of the institution.

Payments by students and faculty members will amortize the loan and provide maintenance funds. Food and other services are operated at cost. Neither the building, nor its furnishings or operation are costing the state's taxpayers a cent.

Erection of the Illini Union building has been a favorite project of President Arthur Catts Willard. He emphasizes its importance as "a distinguished social center for campus life to develop a democratic student spirit and informal friendships among students, faculty, and alumni, and to serve as an inspiration for better living."

Illinois is one of the last of the large universities to build a Union, but in the new building it has a structure whose beauty and architectural merit, combined with democratic utility, promises to receive wide notice.

Included in the building are lounges for students and faculty, dining and cafeteria rooms; fountain-lunch service, a ballroom and banquet room, browsing library, ticket sales windows, meeting rooms, bowling alleys, game room, and other facilities to make it the natural center of student and faculty life.

Also in the Illini Union are the offices of the Alumni association and Foundation, centers of the alumni world. As the "front door" to the campus, the Union is a point of first call for alumni, parents, and other visitors.

Opportunist

An opportunist is one who meets the wolf at the door and the next day appears in a new-fur coat.

G. A. A. Holds Annual Banquet

Thirty-eight high school students, members of the G. A. A., attended their annual banquet Tuesday evening at the high school.

Miss Isabel Larimer, home economics instructor at the high school, supervised the dining room. She was assisted by the committee on food, Lucille Sherman and Dorothy Aronson.

Margaret DeBaets, chairman of the program committee, introduced the principal speaker of the evening, Miss Irene Harshbarger, sponsor of the G. A. A. at Warren Township High school, Gurnee. Miss Harshbarger gave an inspiring talk on "G. A. A. and Miss America," showing how G. A. A. helps girls to develop into the finest type of American citizens.

Mary Kay Lynn, secretary of the club, outlined the organization's accomplishments of the year and awarded stars to the members of the all-star basketball team. Receiving these awards were: Virjean Hook, Doris Edwards, Ella Fay, Alice Schaefer, Margaret DeBaets, Mary Zender, Mary Kay Lynn, Neda Bacon, Mildred Dow, Shirley Johansson, Alice Denman, Rosalie Sibley, Una Nelson, and Shirley Wells.

Virjean Hook announced the officers of the club for the following year: President, Alice Denman; vice president, Una Nelson; secretary, Lura Jean Minto; treasurer, Carol Ruth Upton. Virjean Hook gave letters and numerals to the girls who had earned local awards.

The following seniors received awards: Numeral and letter, Neda Bacon; numeral, Mary White; letter, Marjorie Ferris and Julia Hughes.

Juniors who received local awards were Ruth Schonscheck, numeral and letter; Shirley Wells, numeral; Dorothy Aronson, Jennie Neveler, Lucille Sherman, Margaret DeBaets, Virginia Sorenson, letter.

To the following sophomores local awards were granted: Ella Fay, Lura Jean Minto, Mary Zender, and Elaine Nelson, numeral and letter; Doris Strang and Violet Smith, numeral; Una Nelson, letter.

Twenty freshmen received local awards of numerals: Idal Maier, Elizabeth Zender, June Kutil, Kathleen Fields, Emily Bracken, Margaret Gades, Carol White, Grace King, Doris Edwards, Carol Ruth Upton, Billie Maye Rungard, Edna Peterson, Alice Harvey, Frances Zimmermann, June Walker, Rosalie Sibley, Ruth McGlynn, Rose Marie Zellhofer, Louise Meinersmann, Dorothy Gebhardt.

Miss Hook presented the trophy for the intra-mural basketball championship to the sophomore class.

After a few words of introduction to point out the fact that it is only girls who have worked faithfully in G. A. A. for three years who receive state awards, Miss Helen Mae Olson, sponsor of the Antioch club, announced the following state awards:

Two seniors received an "I": Irene Pachay and Ruth Glenn; three juniors received, "I's": Alice Denman, Lucille Sherman, and Margaret DeBaets.

Four seniors were awarded the insignia offered only to girls who have been active in the organization for four years: Virjean Hook, Joan Smith, Ruth Glenn, and Mary Kay Lynn.

The climax of the evening's program was the awarding of the Victory Trophy to Virjean Hook, voted to be the "most all-around member of the club." Miss Olson made the award.

The room and tables were appropriately decorated in keeping with the season and the program of events by the decorations committee, Rose Marie Zellhofer, Rosalie Sibley, Kathleen Fields, and Edna Peterson. In charge of reservations were Lura Jean Minto, Doris Strang, and Sarah McBride. The program committee consisted of Margaret DeBaets, Shirley Wells, and Mary White.

The Girls' Athletic association has had a very eventful year. In the fall a Play Day was held at Antioch. Also in the fall a potluck supper was held at which twenty girls were initiated. To raise money, a popcorn sale was given. In mid-winter the basketball season was in full swing. Several Antioch girls entered the State Telegraphic Basketball Tournament. Antioch placed fourth. As a means of raising money a Sadie Hawkins Dance was held in March, which provided fun for all with its informal atmosphere.

This spring several Antioch G. A. A. girls attended the Play Day at Waukegan. Swimming, among other activities, was enjoyed. The members are going to compete in tennis and archery with Warren, Libertyville, and Barrington.

The banquet concluded the club's social activities for the year.

One-Way Traffic

First traffic regulation for one-way traffic appears to have been established in New York city, December 17, 1791, when a regulation incidental to a performance at the John Street theater requested that

"Ladies and gentlemen will order their coachmen to take up and sit down with their horse heads to the East River to avoid confusion."

Least Inhabitants

The State of Nevada, with a population of 91,058, has the smallest number of inhabitants of any state in the United States.

Around the Lakes

Novacek's Camp Lake Hotel will hold its fourteenth annual spring opening party Saturday evening, May 17. Dancing and a chicken luncheon will be enjoyed, according to invitations being sent out this week by James Novacek, proprietor.

Many Chicago fishermen came out during the week-end to try their luck on the lakes around Antioch, with the opening of the pike and pickerel seasons for Illinois last Thursday, May 1. Some good catches were reported.

Anglers also pulled in good catches of crappies and other pan fish during previous days. Bass season in Illinois will open the middle of June.

Good news for fishermen who will be angling a couple of years hence is word from L. E. Osborne, department director for the Illinois state conservation commission, that several million baby wall-eyed pike are now growing to maturity in waters around here, as a result of the commission's restocking program.

Lake was one of 15 counties to share in the distribution of 20,000,000 pike this year. Sharing in the distribution were Jo Daviess, Stephenson, Winnebago, Boone, McHenry, Carroll, Ogle, Whiteside, Lee, Henry, Kane, Kendall, DuPage and Will counties.

Age of Veneering

Veneering is an art at least 3,500 years old. The finest cabinet makers and designers have used it. A veneer is a thin leaf of beautifully grained wood applied to a panel or frame of cheaper wood. Rosewood, satinwood, curly and bird's-eye maple, walnut and mahogany are among the woods frequently employed.

H. S. Girls' Club Attends Conference

Seven girls of Antioch High school attended the annual Girls' Club conference at Evanston Saturday. The girls who went were Grace King, Carol White, Lura Jean Minto, Doris Strang, Alice Denman, Alice Leag, and Mary White. Teachers accompanying the girls were Miss Isabel Larimer and Miss Helen Olson. The Antioch girls went on a bus with those from Warren and Libertyville. The theme of the conference was "Liberty Bells."

The morning program opened with the business of the club. An address was given by Mrs. Marguerite Hall Albberg of Purdue university, on "American Liberties." All of the girls enjoyed the discussion groups that followed the address. Alice Leag, as-

sisted by Lura Jean Minto, led a group on "Pioneering on the Mental Frontier."

Luncheon was served in the High School cafeterias. Afterward the girls

THE RESPONSIBILITY OF THE HOME REGARDING BEVERAGE ALCOHOL

LESSON TEXT—Deuteronomy 6:4-7; Jeremiah 35:10.
GOLDEN TEXT—Train up a child in the way he should go; and when he is old, he will not depart from it.—Proverbs 22:6.

The responsibility of the home regarding liquor is primarily that of providing a place for children to grow up under proper principles and practice. That means that the home should be a Christian home, where both parents follow Christ in life as well as profession. Young people about to establish a new home should give themselves without reservation to Christ. Those who began their home as a Christian home, but who have drifted through carelessness or unbelief, should renew their devotion to Christ. America needs many things, but first and foremost stands its need of real Christian homes.

1. Preparing to Meet Temptation (Deut. 6:4-7).

Temptations will come, and when they do it will be too late to prepare a defense against them. We are all "defense conscious" these days. We have seen in the sad events of the last year that there must be adequate preparation in advance if we are to withstand the enemy. That is doubly true in the realm of the moral and spiritual. We must build moral fiber and appreciation of spiritual things into the lives of our boys and girls from their infancy. How?

1. By a Consistent Example (vv. 5-6). Only the father (or mother) who loves the Lord with all his being and who has permitted God's Word to enter into his heart will set the right example. It is well to know something about child psychology, about the principles of rearing children, etc., but these, without a right relationship to God, are cold and powerless. But let the parents walk before their children in earnest Christian living, let them honor God's Word in their lives and in the home, and they will lay the finest foundation for Christian character in their children.

2. By Correct Teaching (v. 7). The parent should make the teaching of God's Word to children a matter of first importance. It is to be expected that the children will be in church and Sunday school with their parents (notice the word "with"—it's not enough to send them), but that is not sufficient. Blessed and fruitful is that home life in which the Word of God is a normal and easy topic of conversation, where spiritual things are discussed intelligently and without restraint. Every home can be that kind of a home, if the parents will do what they know they should do about it.

II. Standing in the Hour of Temptation (Jer. 35:10).

As a protest against the heathendom, the intemperance, and corruption of the city life of his day, Jeremiah instructed his house or tribe to live an itinerant life and, above all, not to touch wine.

We are not called to imitate in detail their way of living, but rather to learn from them the principles of consistent temperance.

1. Remembrance (vv. 6, 7). Jeremiah was sent to test the Rechabites (not to tempt them to fall) by offering them wine, but to them it was a real temptation. They did not promptly and without fear, because they had in their hearts and minds the teaching of their "father" Jeremiah.

Blessed is the boy or girl who in the lone and trying hour of temptation is not confused by the negative or unchristian example of parents, but who at once has a vision of a God-fearing father and mother, and a remembrance of their faithful teaching of God's standards of life.

2. Obedience (vv. 8-10). Here again is a lesson which must be learned from the tender years of babyhood, but which bears glorious fruit in the days of young manhood and womanhood. The parent who does not patiently, kindly, but withal, firmly, teach children to obey has undermined their life in advance.

The Rechabites loyally obeyed the word of their founder, and passed their hour of testing with flying colors. They had his example, they knew his teaching, and life itself had proved to them that they were in the right way.

A closing word. The liquor interests are concerned because the consumption of beer is rapidly falling off and because most of their customers are "elderly or middle-aged." They are spending tremendous sums in advertising to "get the beer drinking habit instilled in thousands, almost millions, of young men who do not at present know the taste of beer."

That is their avowed aim. Shall they be permitted to put it across? Not if Christian people will put the influence of the American home squarely where it ought to be—against the liquor traffic.

PROPER SANITATION SAVES MILLIONS ON FARMS EVERY YEAR

Just as the usefulness of millions of lives have been extended by giving greater attention to cleanliness, so can millions of dollars worth of poultry and livestock on American farms be saved by following comparable programs of sanitation, believes Grafton Lothrop, sanitation expert with the Ralston Purina Company.

Grafton Lothrop

According to Lothrop, the cost to the American farmer of diseases and parasites runs into millions of dollars annually—millions of dollars that farmers could use to enjoy life more. Sanitation, he claims, is of tremendous importance to the American farmer.

At the Purina Experimental Farm, Gray Summit, Mo., the importance of hog sanitation has been carefully studied, and the results show that proper cleanliness can do much to save pigs and thereby insure greater profits, he reports.

Sows are scrubbed with plenty of soap and warm water and the day before they are to farrow, they are sprayed with a one percent solution of Cre-Sol-Fix to kill any worms or worm eggs that may hatch.

This simple sanitation program at the Purina Experimental Farm, Lothrop believes, shares the credit for the fact that during the last two years, of a total of 255 litters farrowed, an average of 8.2 pigs per litter have been weaned at nine weeks. "This is just an example of the extra money made at the Purina Farm through sanitation. This Farm does equally well at its dairy, poultry, fox, mink, rabbit, and dog units with sanitation programs."

U. S. 'Aid-to-Britain' Shipping Losses Brings Convoy Issue Into Open Debate; 45,000 British Soldiers Are Saved As Nazis Complete Balkan Campaign

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst, and not necessarily of this newspaper.)
(Released by Western Newspaper Union.)

CONVOY:

Argument

The anti-convoy and pro-convoy fight in the senate picked up when the Tobey and Nye resolutions were given formal consideration in committee.

Both resolutions were defeated in committee, but only by a vote of 13-10, and this showed what strength the non-interventionists had gained. The resolution would have tied the President's hands most effectively, in the question of using the American navy to protect shipments to Britain and other defending democracies.

Both would have demanded that the President get congressional approval for any conveying that might be done, and pledged congress to give or withhold it within 14 days.

This would have slowed the pace of the naval commander-in-chief to a walk. There was little repetition, however, of the charges that conveying already was being done.

Senator Nye, in some of his speeches, began to give figures of U. S. losses of equipment en route

GREEK:

Bill Presented

The debate in Greece seemed to be "small potatoes" as far as men and munitions were concerned, as compared with Dunkerque, but the pattern turned out to be almost identical.

There was little question but that the fighting had been as hard at one place as at the other, with probably more successful work done by the British in Greece than they did in France. It seemed that the Greeks were better co-operators than the French, whose morale was utterly shot long before the British began to fall back, and had to contend with clogged roads and fleeing millions.

But Churchill let the commons have the "Greek bill" of expenses as soon as he knew what it was, and announced he would permit a full debate on this motion:

A vote of confidence in the conduct of the war by the British government—and a vote of approval on the giving of aid to the Greeks.

Churchill said the British had put 60,000 soldiers into Greece, including

Mother of '41

Mrs. Dena Shelby Diehl of Danville, Ky., by marriage a great-granddaughter of Isaac Shelby, Revolutionary war hero and first governor of Kentucky, is the American Mother of 1941. She was extended this honor by the American Mothers' committee of the Golden Rule foundation, which annually sponsors the American Mother. Cited as being "representative of the best there is in motherhood," Mrs. Diehl is the mother of four grown children—all girls.

'COPPERHEADS':

And FDR

The "Lone Eagle," Charles Augustus Lindbergh, once more landed on Page One as the first American news story.

Lindbergh, who had first associated himself with the non-interventionists and later with advocates of the theory that British victory was impossible and German victory certain, carried his views to the American public until finally President Roosevelt took cognizance of them in a press conference, mentioning Lindbergh by name and in no complimentary terms.

Lindbergh countered by resigning his commission in the air corps reserve, and accompanied it with a personal letter to the President which he released to the press as soon as it was written, and long before the President received it.

The war department accepted the resignation. The President received the letter. Lindbergh received from Presidential Secretary Early the hint that perhaps he would like also to return to Hitler a decoration he had received from Der Fuehrer some years back.

The open controversy had its backers on both sides, both public and private. The non-interventionists immediately made of Lindbergh a martyr, and at a subsequent public meeting, Senator Nye, leader of the "keep out of war" bloc in the senate, along with Senator Wheeler, made capital of the incident by addressing his hearers as "fellow-Copperheads."

The copperhead reference was President Roosevelt's, used in the press conference about Lindbergh. Lindbergh's name was cheered to the echo at each of these meetings, and the leaders of the movement were quick to seize on him as a martyr.

Opponents of Lindbergh's attitude, were glad he resigned his commission but took the stand that he ought to be silenced and deported, in fact there were few limits in the suggestions that emanated from various sources backing up the President in his questioning of the fier's patriotism.

Along came the Hugh Johnson incident to fan the flames and to give the anti-administration movement more stature. General Johnson, holding, like Lindbergh, a reserve army commission, was denied a reappointment by the President. Johnson had been authoring an anti-administration column which had been widely distributed in the press.

He, a former New Dealer and a former head of the NRA in the early Roosevelt days, had been busy in anti-administration circles, mostly in magazines, prior to the last election, and had continued with a newspaper column.

The army had certified Johnson for reappointment, so in refusing to allow the commission to go out, the President went against his army chiefs' advice, and further stated that as there was no likelihood of Johnson's actively serving, he wanted to spare the commission for somebody that would.

Lindbergh, in his letter to the President resigning, had made quite a point of the fact that as an inactive army officer, he had felt permitted to use the freedom of speech in attacking the administration's foreign policy, but that if the President was going to impugn his patriotism—why then he was going to resign.

INVASION:

'Bugbear'

The end of the Greek campaign and the slowing down of the North African fight, if it was not at the stalemate point, brought the old British bugbear of an invasion attempt to the fore again.

It was a bugbear but a bugbear with a silver lining, if that was possible, for most of Britain dreaded the days of waiting more than the actual attempt, so sure were the people that it would be smashed.

Charles Lucas is having a week's vacation to recover from injuries received when he was thrown from a horse Saturday afternoon while at work on Osborne Farm at Libertyville.

Harold Bonner of Eureka College, spent the week-end with his parents, Mr. and Mrs. W. M. Bonner.

Mothers' Day will be observed at Millburn Church in the Sunday school at 10 o'clock and the Church service at 11 o'clock on May 11.

Mr. and Mrs. Ray Harmer and Mr. and Mrs. Chase McGuire of Waukegan were Millburn callers Sunday.

Lulu and Harry Root spent Sunday afternoon, May 10.

Mrs. O. L. Hollenbeck spent the week end with her daughter, Shirley, in Highland Park.

Mr. and Mrs. Robert Bonner and son Jim and Mary Beaumont of Kansasville, Wis., spent Sunday afternoon with relatives.

The big idea in brooding chicks is not how many chicks are started nor even the percentage of chicks kept alive, but how many pullets are ready for laying when egg prices advance in the fall.

The temptation is always strong for chicks to huddle in a dark corner of the brooder house. Because they may chill that far away from the hover it is good practice to build a little fence around the hover the first few days. After the chicks are two or three days old the fence can be set farther back. At the end of the first week it should be removed entirely.

Soap, water and elbow grease are just as important in protecting chicks against disease as are disinfectants. There is no use spraying Cresofene on a brooder with droppings from last season's chicks. And there isn't much use rinsing a drinking fountain with Clorox if there is a scum all over the metal.

Chick mash hoppers and drinking fountains should be placed in front of the hover toward the front window. This encourages chicks to eat and drink. Adding fresh feed and stirring the feed frequently also attracts their attention and causes them to eat more.

As chicks grow they need more mash hopper and drinking fountain space. These help to increase feed consumption.

With heavier feed and water consumption comes a greater accumulation of droppings. Keeping things clean and sanitary is important.

Most folks will agree that for many years Purina Startena has been a mighty good starting mash for baby chicks. But the latest formula has proven even better. On a series of tests with 19,230 chicks at the Purina Experimental Farm in 1940, it gave a 10.3 percent greater growth than the previous formula. Ninety-nine chicks lived out of every 100 started.

The tendency for chicks to pile and crowd when 3 or 4 weeks old is usually due either to too high temperatures or too much variation in temperature.

Little roosts for chicks at three to four weeks are a profitable investment. At first the chicks will use the roosts in the daytime and sit on the floor at night but gradually they become brave enough to stay on the poles after dark. Early roosting avoids crowding, pile-ups, and helps the process of feathering.

MEAT SCRAPS TESTED WITH CHICKS

Photos Courtesy, Purina Biological Laboratories, St. Louis, Mo.
These chicks were used for testing two samples of meat scrap. The chicks on the left received a high quality sample and their growth was slow. Those on the right received a low quality sample and their growth was rapid. This vast difference was caused by the quality of the meat products used in making the two meat scraps.

Highlights

in the news

Washington: President Roosevelt himself opened the government's multi-billion dollar defense savings campaign by buying the first bond himself. The ceremony was broadcast from coast to coast.

New York: Jesse Jones announced that the government debt would go to 90 billions, and that America, which had no sacrifices as yet, would be making them "and plenty of them."

London: Belgian circles reported that Germany is holding 120,000 Belgians prisoners of war.

London: British bombers claimed sinking or damaging 42,000 tons of Axis coastwise ships in a week. The British announcement said "evidently the Nazi rail strain is being relieved by the use of coastwise shipping in more favorable weather."

Chungking, China: Capt. James Roosevelt of the marines hopped up in Chungking, watched the Japanese carry out an air raid on the city, praised the public's morale, and announced that he was going to fly to northern Africa to observe the war there. He said to Generalissimo Chiang Kai-shek, "I'm here to learn."

RUSSIA:

At Crossroads

Indication that Soviet Russia is facing a situation that is becoming less and less healthy for the Soviet's peace of mind came when it was officially announced by Moscow that 12,000 German troops, well equipped with tanks and heavy artillery, had moved into Finland by water with the evident intention of staying there.

The official announcement coupled with this move by the Nazis, at least former allies of Russia, with the decision by Russia not long ago not to permit further shipments of arms and munitions over her railroads, or through her country by air or land.

Just what the German objective was in Finland was not immediately apparent, but it was evident that if the Germans intend to go on southward through Turkey and Syria into Iraq and Iran, the Germans will certainly bottle up the Black Sea for Russia, and few believed the Soviet would stand for that without fighting, perhaps on the side of the Turks, perhaps alone.

This is the eventuality that most friends of an eventual defeat for Hitler and Mussolini and Japan have looked forward to, and Churchill hinted at it not long ago.

Hold Rural Mail Box Improvement Week May 5 - 10

Antioch Postoffice Co-operates with National Observance

"Rural Mail Box Improvement Week," a national observance sponsored by the U. S. post office department, is taking on special significance for Antioch and vicinity, according to Postmaster Roy Kufalk.

Among the improvements being undertaken here is the placing of Antioch rural routes on a mail box number system. While patrons are requested to use the box number on their correspondence, it should not be put on mail boxes, Kufalk states. The box number is merely useful as a guide to the rural carrier in sorting his mail in the sequence in which it is to be delivered. There are now more than 1,000 owners of mail boxes on the two Antioch routes, exclusive of transient visitors.

In accordance with federal request, the local postmaster will make a trip of inspection over the rural routes and will send in a report on the various phases of this service in which the U. S. postal department is particularly interested.

A count of the number of pieces of mail of each class delivered and collected on the rural routes during the first 15 days in the month of May is being made. In addition, counts are being taken of the number of applications for money orders, the value of stamps on mail collected by the carrier, and the value of the postage stamps and other stamped paper sold by the carrier.

Box Improvement Aims

The purpose of Rural Mail Box Improvement week, as announced by the U. S. Post office department, is as follows:

"Unightly rural mail boxes detract from the natural scenic beauty along highways and are not a credit to the owners of attractive homes served through the boxes. Rural mail boxes which are not properly erected or which are not in good, serviceable condition retard the delivery of mail and expose it to damage from the elements."

It is the desire of the department to encourage patrons of the rural delivery service to provide entirely suitable

Body of Mrs. Bristol Will Lie in State Here; Burial in Chicago Sat.

The body of Mrs. Lottie Bristol, who died Wednesday in Chicago, is lying in state at the Strang Funeral parlors here from 12 o'clock noon today until 10 o'clock Friday morning, to permit her Antioch friends to pay their last respects. It will then be removed to the Wold and Wold Funeral home at 2227 West North avenue, Chicago.

Funeral services will be held Saturday afternoon at 2 o'clock, with burial in Roschill cemetery.

Mrs. Bristol was born in Antioch but has for several years made her home in Chicago. She is the daughter of Mr. and Mrs. Charles Frederick Barthel of Antioch.

Surviving are three daughters, Mrs. Catharine Madson, Mrs. Florence Kropp, Chicago; Charlotte McCormick, Trevor, Wis., a brother, Edwin Bristol, Chicago, and nine grandchildren.

Also surviving are a sister, Mrs. Ethel Anderson, Antioch, and two brothers, William L. Barthel of Salem and Fred A. Barthel of Chicago.

mail receptacles and to erect them in such manner that they will be accessible to the carrier and prevent a neat appearance. It is especially desirable that the boxes be maintained in such condition that they will properly protect mail placed therein, that the names of box holders be inscribed on the side of the boxes visible to the carrier as he approaches them, and that the boxes and their supports be kept painted.

Patrons who have non-approved boxes of top-opening, revolving door or other type are not required to discard them, provided they have been in use by the present owners for several years and are maintained in good serviceable condition. However, any boxes not of the present standard type which are of such design that they cannot be properly served by the carrier from his vehicle or which are not in such condition that they will protect mail from damage by the elements should be replaced with boxes of the approved type. Boxes, regardless of type, should, of course, be of such design and in such condition that there will be no likelihood of the carrier injuring himself when serving them.

The department urges the grouping of boxes at cross-roads or at other places on routes where a considerable number of individual boxes are located.
